

WHAT PET SHOULD I GET?

Emergency Pet Rescue Sticker

Neatly fill in the blanks below to indicate what pets share your home and how many of each are inside. Then cut out the sticker and use a clear peel-and-stick laminate or clear packing tape to completely cover the sticker and protect it from weather. Secure the sticker to your front door, the window closest to your front door, or check with your local emergency services about best placement. Make a note to replace the sticker every year. Faded stickers are hard to read!

Rescue Our Pets

In case of fire or emergency
